Ref: As per the instructions of the DTE

* * * * *

It has come to the attention that WhatsApp groups are becoming inundated with photos and other posts, causing essential messages to be pushed upwards and potentially overlooked by Principals and other members of group(s). This has resulted in crucial information not receiving the necessary attention.

In this regard, Principals of all Polytechnics are hereby directed to limit the sharing of photos on WhatsApp groups. Only key information should be disseminated through this platform. If deemed necessary, Principals may share no more than two of the best photos per event in the WhatsApp group. However, Principals are at liberty to share any number of photos via email to academicmedia.dte@gmail.com, preferably in the form of compressed or RAR file, clearly labelled with the name of the respective Polytechnic, and event.

Furthermore, Principals are advised to regularly monitor the official Website, WhatsApp groups, and emails from the Directorate of Technical Education for updates/ information and respond promptly to any communication.

Strict compliance with these instructions is expected, and any deviation will be viewed seriously.
