Sub: Technical Education – Establishment – Options Entry of Teaching Staff to Needy Government Polytechnics – Instructions – Reg.

Ref: Circular Memo. No. G/Staff data/2025, dated 03.10.2025

* * *

The attention of all Principals of Government Polytechnics is invited to the reference cited.

Certain Government Polytechnics are facing faculty shortages in specific branches, impacting syllabus completion. Requests have been received from some Principals to adjust teaching staff on a work adjustment basis. In view of this, faculty from Polytechnics having surplus staff shall be drafted to institutions in need. In this connection, the following guidelines shall be followed for faculty work Adjustments.

1. Priority Order for Drafting Faculty from Surplus Institutions:

- I. Women faculty having spouse grounds, based on station seniority.
- II. Single Parent (Male/Female)
- III. Other women faculty.
- IV. Male faculty with the highest station seniority.
- V. Contract Faculty in the same priority from I to IV

2. In Case of No Willingness from Surplus Institutions:

The junior-most male faculty from a surplus Polytechnic shall be drafted to a needy Polytechnic, considering proximity and quantum of surplus.

3. Tie-Breaking Criteria:

- I. If a tie occurs in station seniority, preference shall be given to the faculty with the longest service in the Department.

- II. If the tie persists, the elder faculty member (by age) will be preferred.
4. Faculty working in ITDA / agency areas shall be deputed only to other ITDA / agency area Polytechnics.
5. If requirements cannot be met within a Zone, faculty from other Zones may also be considered.

In this regard, the Principals of Government Polytechnics with surplus faculty as published vide reference cited and any other with excess faculty are hereby directed to furnish the details and preference of the excess faculty through the Google Sheet link given below:

<https://docs.google.com/spreadsheets/d/1HhM3RmHiHB4ST389HUIh5LJ8yHW1DRBMWffi0-vSVrk/edit?usp=sharing>
